Great! So, I'll forward the following names for OEPA.

Amy Klei
Mike Slattery
Jeff Patzke
Lindsay Taliaferro
Steve Williams

So glad that you all will be attending and I'll pass along additional information as it becomes available.
-Kim

Kim,
Steve Williams is also going to connect from our Southeast district office. Thanks!
Amy

Hi Mike and Amy,

Are there any folks from OEPA who might want to listen in next week on the Chemours videoconference? If so, I'll need the names by COB today. The videoconference is scheduled for February 8th from 12:30-2:30 pm and attached is the revised version of the proposed agenda. As FYI: EPA does not plan to give a presentation but instead, we are using this meeting as an opportunity for Chemours to provide information to EPA and the states. I understand that folks from New Jersey, North Carolina and West Virginia plan to attend as well.

Thanks,
Kim

Subject: Invitation to Chemours Meeting

Hi Beth and Mike,

Chemours has requested a meeting with EPA to present information to the Agency (see attached proposed agenda). This will be a listening meeting for EPA staff and select states. Since the Washington Works Chemours facility significantly impacted parts of Ohio, I wanted to extend a meeting invitation to you and others at OEPA who might be interested in attending. The meeting logistics are still being worked out but tentatively, it will be a half-day meeting, scheduled for either February 7 or 8, and the location set in Washington DC or via audio/video conference.

If interested, please reply to this email with all OEPA attendee name(s) and contact information. EPA will be providing Chemours with an attendees list in the next few days. Feel free to contact me if you have questions.

Thanks,
Kim
